Introduction

How to use this Standard

The Fairtrade Standard for Vegetables covers the requirements which are specific to vegetables producers and traders.

Fairtrade vegetable producers must comply with the [Fairtrade Standard for Small Producer Organizations](#) or the [Fairtrade Standard for Contract Production](#) (for rotational crops) and the Fairtrade Standard for Vegetables. For producers this standard complements, and should be read together with, the Fairtrade Standard for Small Producer Organizations or the Fairtrade Standard for Contract Production.

Fairtrade vegetables traders must comply with both the [Fairtrade Trader Standard](#) and Fairtrade Standard for Vegetables. For traders this standard complements, and should be read together with, the Fairtrade Trader Standard.

In cases where this standard differs from the Fairtrade Standard for Small Producer Organizations, Contract Production or the Fairtrade Trader Standard on the same topic, the requirements presented in this standard apply.

Product description

Fairtrade Vegetables include all varieties of fresh vegetables, edible roots and tubers and pulses for which Fairtrade Prices exist.

Price and Fairtrade Premium

Fairtrade Minimum Prices and Premiums for vegetables are listed in [the pricing database](#), which is published on the Fairtrade website.

There are no Fairtrade Minimum Prices defined for secondary products and their derivatives. The prices of these products, from any origin, are negotiated between sellers and next buyers. A default Fairtrade Premium of 15% of the negotiated price must be paid in addition.

Chapters

The Fairtrade Standard for Vegetables has four chapters: General Requirements, Trade, Production and Business and Development.

Structure

In each chapter and section of the standard you will find:

- The **intent** which introduces and describes the objective and defines the scope of application of that chapter or section;
- The **requirements** which specify the rules that you must adhere to. You will be audited according to these requirements; and
- The **guidance** provided to help you to interpret the requirements. The guidance offers best practices, suggestions and examples of how to comply with the requirement. It also gives you further explanation on the requirement with the rationale and/or intention behind the requirement. You will not be audited against guidance.

Requirements

In this standard you will find one type of requirement:

- **Core requirements** which reflect Fairtrade principles and must be complied with. These are indicated with the term 'Core' found in the column on the left throughout the standard.

Scope

This standard applies to all Fairtrade vegetable producers and all companies that buy and sell Fairtrade vegetables. All operators taking ownership of Fairtrade certified products and/or handling the Price and Fairtrade Premium are audited and certified.

Different requirements apply to different companies depending on their role in the supply chain. You can find if a requirement is applicable to you in the column “**Applies to**”.

Application

This version of the Fairtrade Standard for Vegetables was published on 19 August 2016 and is applicable from 1 November 2016. This version supersedes all previous versions and includes new and changed requirements. New requirements are identified in this standard by the word “**NEW**”.

Definitions

Pre-finance means to provide finance against contracts in advance of delivery or receipt of the product.

Producer means any entity that has been certified under the Fairtrade Standard for Small Producer Organizations. Individual producers are the members of those organizations.

For a comprehensive list of definitions see the [Fairtrade Trader Standard](#).

Monitoring of changes

Fairtrade International may change Fairtrade standards as explained in Fairtrade International’s Standard Operating Procedures, see www.fairtrade.net/standards/setting-the-standards.html. Fairtrade Standard requirements can be added, deleted, or changed. If you are Fairtrade certified, you are required to check the Fairtrade International website regularly for changes to the standards.

Fairtrade certification ensures that you comply with Fairtrade Standards. Changes to Fairtrade Standards may change the requirements of Fairtrade certification. If you wish to be or are already Fairtrade certified, you are required to check the compliance criteria and certification policies on the certification body’s website regularly at www.flo-cert.net.
