Fairtrade and the Sustainable Shopper

2021 consumer research conducted by GlobeScan
Who we are

Fairtrade America is the US representative of Fairtrade International, the most recognized ethical label in the world. Fairtrade America works with American brands, shoppers, NGOS and governments to advocate for better trading conditions for farmers and workers.
Our partners are making a difference
Research Methodology

During February and March 2021, GlobeScan conducted the Fairtrade Consumer Brand study survey in 15 markets.

The research in the United States was conducted from 12th March 2021 to 30th March via an online consumer survey of 2,387 adults.

Since 2008, GlobeScan has partnered with Fairtrade to provide contextual consumer insight on Fairtrade shoppers. Their advanced research offerings have been used by industry-leading organizations like 3M, IKEA, Johnson & Johnson and Unilever.

Global 15,418 consumers
U.S. 2,387 consumers

Appendix
Consumers are willing to pay 43 percent more for a Fairtrade Certified pound of bananas, but a price increase of 86 percent is considered overpriced.

Price Sensitivity for a Pound of Bananas, 2021

Consumers on average feel a price increase of 43% (or $0.30) is reasonable for a Fairtrade-certified pound of bananas, while a price increase of 86% (or $0.60) is overpriced for Fairtrade certified pound of bananas.
Consumers are willing to pay 35 percent more for a Fairtrade certified pound bag of coffee, but a price increase of 62 percent is considered overpriced.

Price Sensitivity for a Pound Bag of Coffee, 2021

Consumers on average feel a price increase of 35% (or $1.80) is reasonable for Fairtrade certified coffee, while a price increase of 62% (or $3.20) is overpriced.

Note – those that selected below $4.00 for the starting reasonable coffee price were excluded from the analysis, as a pound bag of coffee priced below $4.00 is unrealistic. The resulting sample size for this question is lower.
Consumers are willing to pay 30 percent more for a Fairtrade-certified bar of chocolate, but a price increase of 100 percent is considered overpriced.

**Price Sensitivity for a Bar of Chocolate, 2021**

Consumers on average feel a price increase of 30% ($0.30) is reasonable for a Fairtrade certified bar of chocolate, while a price increase of 100% ($1.00) is overpriced.
Fairtrade is generally preferred over Rainforest Alliance and Fair Trade USA for all products except sugar, where Rainforest Alliance is preferred.
